IT

Internet

High speed Internet is available throughout the property, including dual connections in every sleeping room, wired and wireless in all meeting rooms, and complimentary wireless connections in the lobby and surrounding areas. Computer networks from a few connections to a few hundred can be created. The Conference Center maintains a 20 MBPS Fiber connection to the Internet, with a DSL back up.

For those wishing to use dial-up, each sleeping room has two telephone lines, with data ports located on each desk phone.
